WHAT IS YOUR RESEARCH IDEA?

Your idea can be a topic, a hypothesis, or a more focused research plan. Please describe it briefly below. Please feel free to discuss all research ideas with the WVPBRN Research Coordinator (Adam Baus) or one of the WVPBRN Co-Directors before or at the time of submitting your idea. Most project ideas will not be fully developed at the beginning, and will benefit from further discussion with WVCTSI researchers who can help with research design, methods, statistical analysis plans, network coordination, and funding ideas.
