

Robert J. Milner, PhD, is Senior Associate Dean for Faculty Affairs and Professor of Clinical Neurology at the Keck School of Medicine (KSOM) of the University of Southern California. Dr. Milner received his doctoral degree from The Rockefeller University, completed postdoctoral training at The Salk Institute, and held faculty positions at Salk, the Research Institute of Scripps Clinic, Penn State College of Medicine, and the University of Massachusetts Medical School before moving to KSOM in July 2020. Dr. Milner has a long-standing interest in the professional development and education of individuals at all stages of academic careers. His background as a basic science researcher in neuroscience and as a former department chair provides a wealth of experience and knowledge about the challenges of advancing an academic career. His current scholarship focuses on faculty development and mentoring.
